# IRISH SKIPPER EXPO 2020

Welcome

STAND  
67

**Skipper**  
Leading journal of the Irish & UK fishing industries

YOUR PAPER - YOUR SHOW - YOUR INDUSTRY

The Skipper Team, Hugh, Sharon, Lia, Brid and Declan

A very warm welcome to Irish Skipper Expo 2020! With our exciting new location in Limerick, and a superb exhibiting hall at the UL Sport Arena, this is a landmark year in the history of the expo and we are confident you will enjoy the new-look format.

Sponsored by Irish seafood development agency, BIM, and leading marine insurer Cavanagh Hooper Dolan Insurances, Irish Skipper Expo 2020 will be another fantastic showcase for the commercial fishing industry.

Featuring over 140 exhibitors from 14 different countries, this is the biggest show yet in the series, ensuring that there will be plenty to interest everyone. Limerick is the perfect location for this new-look expo, and in recent weeks, we have sensed the mounting excitement

from within the fishing industry. Fishing is one of Ireland's great industries, supporting coastal communities and providing a food resource that is renowned around the world for its premium quality. Of course, these are uncertain times for Irish fishing, most notably because the impact of Brexit has still to be assessed, but events such as Irish Skipper Expo 2020 underline the common bonds among fishermen from across Europe and beyond.

As well as the expo being a great place to do business, it is also the ideal occasion for the fishing industry to network and socialise.

I wish you all a successful and enjoyable Irish Skipper Expo 2020.

## Bord Iascaigh Mhara (BIM), Ireland's is proud to return as headline sponsor

## Seafood Development Agency, for the Irish Skipper Expo, 2020.

Jim O'Toole, BIM CEO.

This is the first year that the event will be hosted in Limerick and will take place in UL Sports Arena on the grounds of the University of Limerick. We look forward to meeting the industry at this event and showcasing the range of supports and services that BIM has to offer. 2019 was a challenging

year for the Irish seafood sector. Brexit is now a reality and much uncertainty remains as to its impact on the industry. Despite these challenges, investment in the sector remains strong, with government investment amounting to some €170 million according to the BIM 2018 Business of Seafood report. This includes investment

in fishing ports and harbours (€24 million) and Irish government support directed through the European Maritime and Fisheries Fund (EMFF).

Through the EMFF, we will continue to provide support to the sector, through grant aid, training and other investment in

the development of the sector and BIM staff will be on hand throughout the two days to discuss any queries you have on available supports relevant to your business.

Each year, BIM publishes a fisheries management chart. The chart outlines key regulations, such as where fishing is allowed, what species can be caught in what area, quota restrictions and technical conservation measures, outlining what gear should be deployed. This year, we have produced a digitised version that will update in real-time, in addition to the printed copies. BIM staff will be providing live demonstrations on the functionality of the digitised version at this year's show.

BIM is committed to working with the industry to advance and trial new selective gear technology to ensure we address the Landing Obligation. We will have examples of selective gear suspended

over the BIM stand and will display underwater footage captured during recent gear trials with the industry to show the effectiveness of employing this technology.

On arrival to the Irish Skipper Expo, the BIM Coastal Training Unit will be positioned at the entrance and our staff will be on board to discuss all aspects of training and skills development that BIM provide. We will be running practical demonstrations of our training, including water and fire safety at sea. A complete list of upcoming training courses will be available.

We continue to work closely with the sector through the Clean Oceans Initiative, encouraging vessel owners and crew to join this important scheme to help address the serious problem of marine waste. By year-end 2019, every fishing trawler working from Ireland's 12 main fishing ports had signed up to Fishing for Litter as part of this national initiative.

I wish you all a productive two days at this year's Irish Skipper Expo and look forward to welcoming you to the BIM stand.

*Jim O'Toole*  
**Chief Executive, BIM**

# CHD – Proud Sponsors of Irish Skipper Expo 2020

The Cavanagh Hooper Dolan Team

**Cavanagh Hooper Dolan Insurances – proud sponsors of Irish Skipper Expo 2020 for first year in new venue.**

We are delighted to sponsor Irish Skipper Expo 2020. It is great to see the show continually growing and developing. Cavanagh Hooper Dolan Insurances has had a long association with the fishing and marine industries and the Skipper Expo is a fantastic opportunity for all attending to get further insight into this diverse and dynamic sector.

The Cavanagh Family have been involved in the insurance industry since 1943. We have developed bespoke insurance packages to cater for our clients' needs

and provide a 24/7/365 claims service to our marine customers. Cavanagh Hooper Dolan Insurances is part of the Hooper Dolan Group, one of the largest wholly Irish owned insurance brokerages. The group has 12 offices around Ireland.

Our staff at Cavanagh Hooper Dolan Insurances take pride in our work; we always strive to go the extra mile for our clients. Our company has specialist marine knowledge and history. Both Cavanagh Hooper Dolan Insurances' new and existing clients can expect to receive invaluable insurance advice and the highest standard of service.

We provide a comprehensive and

competitive range of professional products and services to both individuals and companies. Services include a wide range of marine and general insurance products for all classes of vessels and onshore business in all sectors of the industry. Cavanagh Hooper Dolan also provide a broad range of home, motor and health insurance products and have clients based in both ROI and UK.

The Cavanagh Hooper Dolan team have been attending the Skipper Expo since its inception, and we use this premier two-day event as an opportunity to meet with existing clients and also to meet with prospective new customers. Our fully qualified staff will be at their stand to discuss any enquires regarding the wide range of insurance products we have available. In addition to providing information on our marine insurance products, we will have information on various other insurance products such as home, motor and the many other business needs. The Cavanagh Hooper Dolan stand is a 'one stop shop' for all your insurance needs - afloat or ashore.

I personally have over 39 years working in the insurance industry and have strong connections with the marine industry in both my personal and professional life. I have been a member of the Irish Coast Guard for more than 30 years. Throughout my careers in both insurance and the Coast Guard, I have gained a unique insight into the varying and unique insurance needs of the marine

industry and companies with ties to marine trades. This has enabled our company to provide bespoke advice to clients regarding the insurance covers they require and, in some cases, providing advice for implementation of health and safety procedures which have resulted in improved premiums.

I have a keen interest in keeping up to date with the latest developments in the industry and, in doing so, ensuring that our customers are advised of the insurance covers most suitable to their individual needs.

I hope you enjoy Irish Skipper Expo 2020. We look forward to meeting you at the show.

## AQUABROKER STAND 85

Aquabroker is the longest established insurance intermediary offering insurance to the marine sector only. Aquabroker was established in 1986 and has grown to meet the demands of the diverse and

busy marine sector. Aquabroker is involved in arranging insurance on behalf of commercial enterprises and private clients ranging from dinghies to ships, private marinas to harbours, ferry operators to tugs, small boat yards to ship builders, potters & netters to the larger trawlers. Aquabroker is regulated by the Central Bank of Ireland and is a member of Brokers Ireland.

**Contact Aquabroker Ltd: 7 Kilkerrin Park 4, Tuam Road, Galway, Tel: 091773601, Email: [insure@aquabroker.ie](mailto:insure@aquabroker.ie), Website: [www.aquabroker.ie](http://www.aquabroker.ie)**

## ARKLOW MARINE STAND 46

Arklow Marine Services is a family business run by the Tyrrell family. The family has been involved in boat building in Arklow since 1864 and continues that proud tradition today, with over 150 years in existence. During this period the yard has gone through many phases from traditional timber boat building through to steel fabrication and today the main building materials are in either steel or aluminium or a combination of both. The yard recently delivered a 19m Steel Crabber for the UK & an 18m Fish Farm Vessel for Marine for their operations down South in Cork and continues to serve both the Irish & UK markets delivering quality vessels at competitive prices. The current workload is in the repair & refurbishing of new & existing vessels. If you have any enquiries, please call to us on Stand 46.

**Contact Arklow Marine Services, Tel: 00353 (0)402 32126, Fax: 00353 (0)402 39839, Email: [info@arklowmarine.com](mailto:info@arklowmarine.com), Web: [www.arklowmarine.com](http://www.arklowmarine.com)**

## ASAP SUPPLIES LTD STAND 71

ASAP Supplies has its Head Office based in Beccles, Suffolk with a branch in Fareham on the South Coast. They stock

a comprehensive range of over 14,000 boat parts and marine equipment spares, specifically specialising in products for maintenance, repair and overhaul. With over 30 years of experience dealing with marine products and spares for Leisure and Commercial boats of all sizes, you can count on ASAP to provide you with excellent technical knowledge and quality service when you need it most.

New brands include Victron, Kus Gauges, ASAP Anodes, Lead Acid Batteries and FireBlitz.

Visit our stand to discuss tailor made packages to suit your requirements.

**Contact: ASAP Supplies Ltd, Reed House, Ellough Industrial Estate, Beccles, Suffolk, NR34 7TD. Tel: 01502 716993, Fax: 01502 716993, Email: [info@asap-supplies.com](mailto:info@asap-supplies.com), Web: [www.asap-supplies.com](http://www.asap-supplies.com)**

## ASTANDER SHIPYARD STAND 47

**Two fully equipped sister shipyards in Spain.**

ASTANDER, in the Port of Santander (Bay of Biscay) and ASTICAN, in Gran Canaria, off West Africa. Both medium-size yards specialise in ship repairs and all kinds of conversion and upgrading projects for more than 140 years. A very close relationship, based on commitment, flexibility and transparency is established with each and every new customer from the very first contact, making things easy-going in both yards.

Absolutely competitive prices and unbeatable delivery times, together with convenient locations and better weather conditions than those in further Northern countries present ASTANDER & ASTICAN as the perfect alternatives to the traditional pilgrimage destinations of the international fishing fleet when time comes for maintenance or special projects.

Haven't worked with us yet? Wondering if it really pays off doing it? Follow our Irish and Faroese customers or visit us at

STAND 47 for a chat and more references.

**Contact: Astilleros de Santander S.A.U. ("ASTANDER") Fernández Hontoria, 24 - 39610 - El Astillero, Spain, Tel: +39 942 209 100, Email: comercial@astander.es, Web: www.astander.es**

#### ATLANTIC MARINE SUPPLIES LTD STAND 05

Atlantic Marine is Ireland's leading liferaft service station and its core business is the hire, supply, service and recertification of a diverse range of lifesaving equipment. They are a government approved, life-raft service station for the impressive Survitec Group brand portfolio, which includes, RFD, Dunlop Beaufort, DSB and Lifeguard, as well as Survitec Zodiac life-rafts and rescue boats. On their premises in Killybegs, Atlantic Marine has a large 8000sq. ft. purpose-built service station where they service life-rafts from 4 persons to 100 persons catering for passenger ferries, tourism vessels, fishing vessels, offshore vessels and leisure vessels. We also supply and service a large range of inflatable lifejackets and immersion suits which are required by the marine industry.

**Contact Atlantic Marine supplies Ltd: Croaghlin, Killybegs, Co. Donegal. Tel: 074 9731440, Fax: 074 9731699, Email: info@atlanticmarine.ie, Web: www.atlanticmarine.ie**

#### ATLANTIC SHIPPING STAND 16

Atlantic Shipping A/S is a firm of international shipbrokers specialized in the sale and purchase of new buildings and secondhand fishing vessels, and other specialized vessels. Founded in 1986, Atlantic Shipping is today a world-leading shipbroker company. Our dedicated team of shipbrokers enables us to maintain this position.

In many ship sales worldwide, Atlantic Shipping is the intermediary that makes the deal happen. We gain daily information about the global fishing industry, creating value for both sellers and buyers. This is why, Atlantic Shipping annually sells 25-30 second-hand vessels, multiple fishing quotas, and is currently involved in 6 new buildings.

**Contact Islands Brygge 26, 2300 København S, Denmark. Tel: +45 3332 3997, Email: info@atlanticship.dk, Web: www.atlanticship.dk**

#### AUDACIOUS MARINE BM 05

Ramsgate based Audacious Marine will have a Cougar Catamaran on display outside the show centre at this year's Irish Skipper Expo. Showcasing their trade of boat building of the Cougar Catamaran, these versatile, stable and fuel efficient GRP craft are ideal for potting and netting, and are suitable for outboard or inboard engines ranging from 60 to 350hp. Audacious Marine can supply the craft in three different stages - as a moulded hull, moulded hull with weather tight decking, or as a fully fitted out craft ready for sea.

**Contact Audacious Marine, Tel: 01843 570853, Mob: 07774842621, Web: www.audaciousmarine.co.uk**

#### BARRUS STAND 98

Covering a power range from 15hp - 50hp, John Deere and Shore Workboat engines have been specifically designed with commercial operators in mind.

Offering years of trouble-free maintenance, these engines can be tailored to suit specific requirements and we work closely with our customers to deliver an extensive service. Each engine is tested by dynamometers, tuned to suit fishing licenses and test run with a full delivery

inspection. Sea trials are carried out before an application review and installation report upon completion.

Our team provide on-going support throughout the life of the engine which is backed by a specialist dealer network.

**Contact E P Barrus Ltd: Glen Way, Launton Rd, Bicester OX26 4UR, UK. Tel: 01869 363636, Email: customerservice@barrus.co.uk, Web: www.barrus.co.uk**

#### BARRY ELECTRONICS STAND 40

Barry Electronics is the leading marine electronics company in Ireland. Renowned nationwide and overseas for technical expertise and after sales service for all makes of marine electronic equipment. BEL hold agencies for leading manufacturers of marine electronic equipment including Furuno, Sailor VSAT, Sailor Radio, Simrad, Jotron and ACR EPIRB's and Jotron SART's. We hold a comprehensive stock of Wheelmarked Type Approved equipment in our office in Killybegs. We also hold stocks and spares for all types of Fishfinding, VSAT and Satellite TV equipment. This year we have completed several new vessels including the Amberlisa, Amethyst and Dalwhinney.

**Contact Barry Electronics, Tel: 0749731215, Email: cjoyce@barryelectronics.ie, Web: www.barryelectronics.ie**

#### BELCO MARINE ELECTRONICS STAND 34

Belco Marine Electronics Ltd is a distributor for Sodena Turbo Win Plotter and for Maxsea Time Zero Plotter. It sells and services a wide range of marine electronic equipment. Satellite equipment from Globalstar and Satlink who provide VSAT and Fleet One equipment. Full electrical installations as well as GMDSS

Radio surveys are provided.

**Contact: Belco Marine Electronics Ltd, Fastnet Industrial Estate, Marsh road, Skibbereen, Co. Cork. Tel: 00353 (0)28 36209, Mob: 00353 (0)86 2607994, Email: belcomar@icloud.com, Web: www.belcomarine.ie**

#### BERE ISLAND BOATYARD STAND 07

Bere Island Boat Yard was established in 2005. It has recently been fully covered, and so is fully operational in all weather conditions. We can take vessels up to 44 metres in length, 15 metres wide & 6 metres draught. We offer the following services:

- Power Washing & cleaning
- Steel fabricating & welding
- Sand blasting & metalizing
- High-pressure water blasting
- Painting
- Paint (International & Chugoku) & anodes are available from stock
- Plastic welding
- Degafloor marine agents

**Contact: Bere Island Boatyard, Ballinakilla, Berel Island, Co. Cork. Tel: 027 75975, Mobile: 086 2766564, Evenings: 027 75062, Email: bereislandboatyard@gmail.com, Web: www.bereislandboatyardltd.com**

#### BERTHON POWER LTD STAND 147

Berthon Power are the sole UK & Eire distributors of the Cox Powertrain 300hp Diesel Outboard. As the most powerful diesel outboard brought to market the CXO300 offers at least 25% better range compared to petrol outboards, improved fuel economy and longer service intervals will reduce maintenance, down time and haul out costs.

VersaDock is a leading supplier of modular pontoons and raft systems. The bouyant, durable HDPE floats are ideal for commercial use where economy, ease of

deployment and durability are paramount. Combined with our handrail system and other accessories they add a new dynamic to working on water.

**Contact: The Shipyard, Bath Road, Lymington, Hampshire, SO41 3YL. Tel: 0044 1590 647448, Email Simon: Simon.barnett@berthon.co.uk, Web: www.versadock.com - www.berthon.co.uk**

#### **BIM (SHOW SPONSORS) STAND 86 / BM 01**

BIM returns as headline sponsor for Irish Skipper Expo 2020.

BIM's stand this year will include live demonstrations of the digitised version of the new fisheries management chart. Up until now, the chart has been produced on an annual basis in paper form and this will continue to be the case. The printed chart and its online counterpart feature key regulations such as quota and technical conservation measures that are applicable to the fishing industry in Ireland.

Selective gear will be on display at the BIM stand and underwater footage of BIM gear trials carried out with members of the Irish fleet will play on screens throughout the show. Visitors to this year's show will also be encouraged to sign up to the Clean Oceans Initiative and BIM staff will be on hand throughout the two-days to provide support and information on fleet and training grant aid.

**Contact BIM Tel: 00353 1 2144100, Web: www.bim.ie, Tw: #BordlascMhara**

### DNG STAND 146

DNG ehf, was established in 1982 in Akureyri, Iceland and has mass produced the DNG jiggings reels since 1985. DNG runs an efficient research and development department in constant search for

improvement. The needs and usage of the reel are under constant observation. The R&D department also works on adapting the reel to more species of fish and how it can be used worldwide.

DNG operates according to ISO 9001 certified quality system, confirming DNG approaches process management in a systematic manner in order to meet customers requirements. Furthermore, the quality management system practices for the benefit of customers, employees, suppliers and owners. The quality management involves ensuring that all customers receive the same quality of products and services and to an ongoing improvement in the quality, products and services. The vast majority of DNG reels ever made are still in use and the DNG jigging reel require only limited maintenance, which is very important, considering the demanding environment the reel is used in.

**Contact DNG, Slippurinn Akureyri ehf Naustatanga 2 -600 Akureyri, Iceland. Tel: 460-2924, Mob: 840-2902, Email: kristjan@dng.is**

#### **DORANS SKIPPERS MATE STAND 92**

Dorans Skippers Mate give assistance to vessel owners, skippers and crew within the Fishing Industry. Our company mantra is to "Give Skippers Peace of Mind". We achieve this by directly working with the owners, skippers and crew to help them to successfully achieve paperwork compliance including but not confined to the Work Time Directive. Dorans Skippers Mate works on participating vessels concerned with achieving a high level of compliance around the coast. DSM are now excited to present a simpler and more efficient method of easily achieving compliance and a more trusted reporting system that is easy to use and understand.

**Contact Dorans Skippers Mate, 1 West Pier, Howth, Co. Dublin. Tel: 01 832 3347**

#### FINNING UK & IRELAND STAND 12

Finning are the sole dealer for Caterpillar® engines across Ireland and offer the complete range of high-performance Cat® marine and MaK medium speed engines. Finning provide

the propulsion system, auxiliary power, and service support for every size vessel, ranging from 40 to 28,500bhp.

Whether for a new build or re-power, Finning has the engine, expertise and experience to meet your power requirement. Combined with professional service and support delivered through tailored service contracts, genuine parts supply and preventative maintenance solutions.

**Contact your local Finning branch to find out more. Dublin: +353 1 257 4000, Lisburn: +44 2892 661221.**

#### FISH FACTS STAND 144

Fishfacts is a highly sophisticated database with fishing vessels, ownership, fishing rights and financial statements. Fishfacts has also developed its own AIS system that is specially designed for the fishing industry.

Fishfacts was launched in April 2018 by Óli Samró, economist and fisheries consultant, along with his son, Hanus Samró. The platform is based on thirty years of experience and instead of asking, how is it managed, the question is: who owns the fish, who is fishing it, and where?

Since Fishfacts was released the platform has grown rapidly. More than 350 fishing vessels are using the platform, including many service companies. A new feature was released specifically for the service sector in September this year, with the aim of connecting service companies with fishing vessels.

**Contact Oli Samro, Tel: +298 217 895, Email: oli@fishfacts.fo. Contact Hanus Samro, Tel: +298 525 200, Email: hs@fishfacts.fo**

#### FISHING NEWS STAND 120

Fishing News is the leading publication for the commercial fishing industry, enjoying a strong and loyal readership across Britain, Ireland and Western Europe. The weekly Fishing News newspaper has been the voice of the industry since 1913, serving a readership of fishermen, boat builders, suppliers, government ministers, MPs, MSPs and MEPs. In addition to covering breaking news stories, Fishing News includes detailed weekly features, with key content also posted on the Fishing News website and social media. We look forward to seeing you at this year's show. Drop by our stand for a chat.

### IRISH COAST GUARD UNIT BM 02/03

As an island nation, the sea is very important to Ireland, and has strategic, economic, social and environmental value for the nation. The sea, for all its riches and potential for development, can be one of the most hostile and dangerous environments on the planet. The Irish Coast Guard (IRCG) is Ireland's nationwide marine emergency organisation and its overall objective is to; prevent as far as possible the loss of life and to prevent or minimise damage to the marine environment, and to preserve property. To deliver this, the IRCG has in place a best practice rescue, security and pollution control regime.

**Contact IRCG,  
Email: admin@irishcoastguard.ie,  
Tel: 00353 (0)1 6783454**

### IRISH MARINE SAFETY STAND 96

We provide a bespoke safety review for your vessel. We offer a range of safety & survey services including a live safety management system with closed loop reporting structured around an annual audit.

We provide task specific risk assessments for marine based tasks, activities or projects in order to meet our customer's requirements. We create safety-based audit documents on an app-based platform that complies with the various sector requirements. The information is recorded and compiled onto a safety management system folder.

**Contact Irish Marine Safety, Tel: 085 1306859, Email: Declan@marinesafety.ie,

### JIMMY WALSH PROPS STAND 04

We are involved in propeller repairs in Rosslare Harbour, having training with Van Voorden in Holland in 1994, and developed a wide skills base from there. We carry out repairs to all sizes of propellers for fishing, leisure and passenger vessels. A fully rotating Propeller manipulator allows the propeller to be rotated in any position necessary; the entire repair is carried out in one place. Re-pitch jig, to enable a very high success rate and accurate setting of new pitch values. Prop Expert software program from Hydro Comp Inc. USA. In the last couple of years, we have introduced the Hale MRI scanner and dynamic balancing machine, helping us to keep up with the most

modern technology in the industry, [www.halepropeller.com](http://www.halepropeller.com) We also supply new propellers and stern gear. Our service is nationwide and within close proximity to Rosslare Harbour, Co Wexford and we also cater for UK based customers.

#### L.A.S.T STAND 111

With fishing being one of the most precarious jobs out there, fisherman Noel McDonagh founded LAST - Lost At Sea Tragedies - due to experience of fishing tragedies throughout his life. With LAST being the only charity of its kind worldwide it aims to provide practical emotional and financial support to the Irish fishing coastal communities.

Another vital aim of the charity is to promote safety at sea by raising awareness of good safety practices as a preventable measure. LAST is hugely dependent on volunteers, some of whom have experienced tragedies through the loss of family members or friends, they play a vital role in the continued growth of our charity.

**Contact Trudy McIntyre, Tel: 087 122 5636,**

**Email: [info@last.ie](mailto:info@last.ie), Web: [www.last.ie](http://www.last.ie)**

#### LARSEN FISHING GEAR STAND 127

We have more than 30 years' experience and knowledge to produce products to the fishing industry world-wide.

One of Larsen Fishing Gear founders is the legendary HELGI LARSEN that revolutionised the concept of trawl doors in the 90's, the rest is history. Today, all trawl doors produced and used in the fishing industry is based on the same principle Helgi Larsen introduced more than 20 years ago.

Our goal is to find the right solution to meet customer needs, no matter where vessels are operating. Our vast expertise will help you achieve positive outcomes. Larsen Fishing Gear is looking forward to being at your service.

### MARINE & INDUSTRIAL TRANSMISSIONS LTD STAND 13

Experts in the commercial fishing market, MIT can work with you on the specification of drive products for your individual vessel needs. We understand the need for workboats to work. And therefore, offer solutions for both propulsion drive and auxiliary power equipment including marine gears, electric and hybrid drive units, hydraulic pump drives, PTOs and clutch systems.

We are your complete turnkey integrator. We design, specify and install the best possible solutions while providing full and comprehensive aftermarket support. We also have an extensive service and repair team, enabled with the right tools and experience to keep your business downtime to a minimum.

**Contact MIT, Queenborough Shipyard, Queenborough, ME115EE, Tel: 01795 580808, Email: info@mitgroup.co.uk, Web: www.mitgroup.co.uk**

### MARINE DESIGN INTERNATIONAL STAND 08

Marine Design International are independent Naval Architects providing advice on developing new designs, improving existing vessels and consulting on conversions. We provide a dependable and reliable service to commercial clients with timely delivery and problem solving our top priority. The show is an excellent opportunity for you to meet our friendly team of experts to discuss how we can help.

**Contact Marine Design Int. R12, 100 Borron Street. Tel: 00441418164000, Email: admin@marinedesign.co.uk, Web: www.marinedesign.co.uk**

### MARINE INSTITUTE STAND 104

The Marine Institute is Ireland's national agency for marine research, development and innovation. Its work includes research and development funding; fisheries resource assessment and advice; fish health services; marine food safety; environmental monitoring, research vessel operation; seabed mapping and marine data management. In addition, various EU Directives require Ireland to protect and conserve certain habitats and species in this area. Fisheries work within inshore waters includes stock assessment of shellfish, assessing the environmental impact of shellfisheries in conservation areas and developing fishery management plans with the industry.

**Contact Marine Institute, Rinville, Oranmore, Co. Galway. Tel: 091 387 200, Fax: 091 387 201, Email: institute.mail@marine.ie**

### MARINE SUPPLIES (INTERNATIONAL) LTD STAND 42

Marine Growth Prevention Specialists Ltd (MGPS) are distributors for ShipSonic Commercial Ultrasonic Antifouling Systems. ShipSonic is the world's first next generation ultrasonic antifouling system (UAS). Unlike other UAS it is designed specifically for the commercial maritime industry and not leisure boats. ShipSonic is powerful, robust and reliable and offers up to 10 x more antifouling effect than the nearest competitor. Come and visit us on stand 42 to see a ShipSonic system for yourself. There will be special prices offered on all systems ordered at the Irish Skipper Expo.

**Contact MGPS, 17 Western Crescent, Kilbirnie, Ayrshire, UK, KA25. Tel: +44 (0)7411 273 640, Email: chris@mgpsltd.com, Web: www.mgpsltd.com**

### MARINE SURVEY OFFICE STAND 108

The Marine Survey Office (MSO) is part of the Maritime Safety Directorate (MSD). MSO is responsible for the implementation of all national and international legislation in relation to safety of shipping and the prevention of pollution of the marine environment from ship-based sources. The office carries out the initial approval of designs and drawings for new vessels or modifications to existing vessels and then carries out the surveys necessary for the certification of those vessels. In addition, it provides both a host of ancillary and back-up services to the shipping industry, the Department of Transport, and different Government Departments as well as the technical representation at relevant international meetings.

**Contact Department of Transport: Tourism and Sport, Leeson Lane, Dublin 2. Tel: 016783400, Email: MSO@dttas.ie, Web: www.dttas.ie/maritime**

## MARPORT STAND 40

Marport develops, manufactures and sells instrumentation for the control of fishing gear (trawls and seines). Marport sensors utilize innovative wireless communication technology through highspeed ultra-sound, enabling efficient and fast control of the fishing gear. Moreover, their design based on a single platform and software adapted to each specific function brings a great flexibility of evolution and maintenance. These sensors are fully serviceable in Ploemeur (France) Marport office.

The configuration and programming of the sensors is via Bluetooth, which brings a great flexibility of use according to the seasonal practices. The Marport wideband receivers can be connected to 3 or 6 hydrophones depending on the model (M3 or M6), the latter listening simultaneously to the set and individually selecting the best signal. These receivers can be connected to different market standards, avoiding hull work during an evolution.

**Web: [www.marport.com](http://www.marport.com)**

## MC DONNELLS (QUEEN ST) LTD STAND 103

Please collect the New Edition of our McDonnell's Fish Catalogue from the Stand, 103. We will also have a large variety Products, including HACCP Brushes and Squeegees, F Dick Knives, steels and sharpening, and chainmail Gloves and Aprons amongst other things.

We will also be demonstrating how to use our Knife sharpening machine and how to best keep an edge on your knives. We will be selling knives from the stand, including some good value and special offers.

We look forward to meeting you at the

Irish Skipper Expo..

**Contact Unit 15 Northern Cross Business Park, North Road, Dublin 11 D11 W5WN. Tel: 01 6778123, Email: [sales@mcdonnells.ie](mailto:sales@mcdonnells.ie), Web: [www.mcdonnells.ie](http://www.mcdonnells.ie)**

## MEDLEY POTS STAND 60

Medley Pots have been at the forefront of manufacturing fully rigged crab/lobster and prawn pots for over 40 years. We also supply a wide range of 8mm or 10mm steel frames for home completion with delivery. Our fully rigged range of pots will be on display, including our new "Velvet parlour" based on the frame design of our ever-successful prawn parlour. All our pots now feature our extra heavy 3mm x 40mm black bait bags. Slit film rope is used to bind the tops of the pots, tested by our customer, lasts longer on hard ground than the older "hard mono" rope.

Launching at the show a larger capacity, 26" x 16" high creel with short wide eyes aimed at the larger offshore crabbing vessels. These feature our 10mm top frames and 14mm base bars to give the creel strength where it's needed for self-shooting and gunnel roller hauling arrangements.

We look forward to meeting you to discuss your requirements. We pride ourselves on innovative design and high-quality products, offered with competitive delivery prices to Ireland.

**Email: [Chris@cornwallcreels.co.uk](mailto:Chris@cornwallcreels.co.uk), or call Chris on 07970 721659**

## MERMAID MARINE STAND 53

Mermaid Marine has a respected reputation in the marine marketplace for both quality products and first-class service. Last year we became UK distributors for YC Diesel, which offer

a range of marine diesel engines from 54hp - 2168hp which are ideally suited for commercial applications. Along with this we also offer products from AGCO Power (SISU), FPT, FNM and Lombardini Marine Kohler Engines as well as our Mermaid J444 (JCB) engine range. We also continue to support our old Ford product through spare parts and fully restored Ford engines.

**Contact Mermaid Marine 14-17 The Mews, West Quay Road, Poole, Dorset, BH151JD. Tel: 01202677776, Email: [info@mermaid-marine.co.uk](mailto:info@mermaid-marine.co.uk), Web: [www.mermaid-marine.co.uk](http://www.mermaid-marine.co.uk)**

## MICHIGAN MARINE PROPULSION STAND 102

MMP provide an extensive range of propulsion products; many of which are specifically tailored for the fisheries industry. From large diameter nozzle designs down to small outboard propellers for inshore vessels, we provide for every application. In addition, we build and supply complete stern gear systems, underwater hardware, rudder assemblies, and a variety of replacement spares and after-market propulsion products. To further ensure the best customer support, we provide a propeller repair and refurbishment service, extending the life of your propellers. We invite you to join us on stand 102 to learn more about our products and services and how they will benefit you.

**Contact Michigan Marine Propulsion, Western House, Decoy Industrial Estate, Silverhills Road, Newton Abbot, Devon TQ12 5ND. Tel: 00441626351723, Email: [sales@mmp-i.com](mailto:sales@mmp-i.com), Web: [www.mmp-i.com](http://www.mmp-i.com)**

## MMG WELDING COMPACT GANGWAYS SYSTEMS STAND 82

MMG Welding is an Irish based engineering and manufacturing company. Experts in coded welding and marine

fabrication providing their services to the marine, offshore construction and renewable industries. Manufacturers of the patented Compact Gangway Systems designed to provide safe vessel access and storage solutions for vessels with limited deck space. Fast becoming an essential part of the safety equipment, features a unique folding mechanism which adjusts automatically with tide/pier levels. The range includes the innovative design the Vessel to Vessel Gangway (V.T.V) which enables personnel to safely cross from one vessel to another. This product won a European Commercial Marine award in the Marine Equipment, Electronics & Material Category at the Innovation Showcase held at Seawork Southampton 2019.

**Contact MMG Welding: Roshin Rd, Killybegs, Co. Donegal. Tel: 00353 74 97 41794, Email: [mmgwelding@gmail.com](mailto:mmgwelding@gmail.com), Web: [www.mmgwelding.ie](http://www.mmgwelding.ie)**

## MOONEY BOATS LTD STAND 51

Mooney Boats Ltd will be exhibiting a wide range of services and products, as well as looking at what the year ahead has in store for the yard. They will be featuring their latest new build delivered Yard No B48 "Amethyst" 20.25m Prawn trawler for Scotland along with new builds under construction for delivery in 2020 which are Yard No B47 "Ocean Challenge" 28.5 meter trawler to be delivered to Shetlands and Yard No B49 "Ella" 27.38 meter trawler to be delivered to Ireland.

The yard will also be showcasing some of our facilities, including our 75 Ton boat hoist, our brand-new state of the yard workshop as well as the DAFM Syncrolift Facility which is located adjacent to the yard itself. In-house services include, Welding & Fabrication, Carpentry, CNC Plasma, Turning & Fitting, Hydraulics, Crane Hire, Shot-blasting, Hot Zinc Spraying, Painting as well as DNV approved Ultra-

Sonic Hull Testing.

We are also promoting products that we are main Irish agents for, Kemilux cleaning products and new lines of diesel treatments from Marship UK/Marine 16 as well as new Stainless-Steel transducer blocks which we are manufacturing in house and S/S Fish Handling Equipment.

#### MULLION SURVIVAL TECHNOLOGY STAND 87

Mullion Survival Technology is part of Sioen Industries a diversified stock quoted group with extensive portfolio of products.

We will have our Donegal based

Technical Manager of Mullion products, Tony Brown who can outline the benefits of our High-Tech PFD's (Personal Flotation Device). Developed by fishermen for fishermen. Sauli Jankari is our Sales Manager for Ursuit, he will be at the show to explain & clarify the benefits of High-Tech Dry Suits for fishermen working in the harshest situation.

**Contact Contact: Sioen Ireland, Gweedore Business Park, Derrybeg, Co. Donegal. Tel Tony Brown: 00353 (0)87 995 3192, Email: tony.brown@sioen.com, Web: www.mullion-pfd.com**

#### MURPHY MARINE SERVICES STAND 43

The demands of modern-day boat owners vary depending on the use of the boat, be it commercial or pleasure, but what remains consistent is the desire for boats that deliver maximum fuel efficiency, stability and quality. We offer the ever-popular Cygnus Cyclone in sizes from 26-30 ft, the wider beamed Cyclone in sizes 31-38 ft, the 4 metred beamed Cygnus Typhoon which can be built in lengths of 33-45ft. We also offer the Hal Fish 24 and the GM 32 displacement hulls to complement our range of fast boats.

What is unique about Murphy Marine Services is the collaborative approach it has with customers from the initial meeting with the marine architect to the interim site visits encouraged throughout the construction phase. Apart from moulding and building our own range of boats, we offer an extensive repair and refit services and have carried out refits and full fit outs to a wide range of vessels.

**For more information contact Fionan, Tel: 0669476883/ 087 2809861, Email: fionan@murphy-marineservices.com, To view our full range see: www.cygnusboats.com**

#### NEW ROSS BOATYARD STAND 15

New Ross Boatyard and dry dock is a family owned business established 11 years ago. We currently operate on a 7-acre site and we provide storage space for both leisure and commercial vessels. We have a 70-metre long by 15-metres wide by 4-metre draught dry dock. We have a 50-tonne travel lift and we also provide an indoor workshop area for boats up to 50-tonnes.

The services we now provide onsite are water-blasting, painting and fiberglass repair. Steelwork and engineering work are provided by outside contractors. Both Dublin and Cork are within easy commute by the M9 and M11.

**Contact New Ross Boatyard, Raheen, New Ross, Co. Wexford. Tel: 051 447655, Email: info@newrossboatyard.com, Web: www.newrossboatyard.com**

#### NIFA STAND 94

The National Inshore Fishermen's Association (NIFA) and the National Inshore Fishermen's Organisation (NIFO) are two membership-based groups. Working closely together they represent their members on a wide range of issues, combined they cater for inshore vessels of less than eighteen meters length overall. While relatively new, combined they already represent in excess of one hundred vessels and are actively trying to grow their membership.

Tel: + 353 (0) 87 6289219,  
Email: info@prolines.ie**

#### **PRONOMAR B.V STAND 121**

Personal protective equipment is used day in day out, intensively, and in greatly varying temperatures and weather conditions. To start the next shift in comfortable attire, Pronomar is supplying an ingenious drying system that will dry PPE the easy way. Thanks to these drying systems, clothes are dried from the inside out. Fast and gentle, so that the valuable equipment receives the careful treatment it deserves. The drying equipment prolongs the lifespan of the costly garments by 2-3 times, while at the same time, it improves the comfort and health of everyone on-board.

**Contact Pronomar B.V. Noordeinde 88 C, 3341 LW Hendrik-Ido-Ambacht, The Netherlands. Tel: +31 (0)78 - 6819481,

### R & D MARINE STAND 54

R & D Marine are exhibiting their extensive range of fail-safe products used in workboat, pleasure and generator applications from 5HP to 1500HP:

Flexible Couplings up to 230HP/100rpm (Earthing Connection is available). Anti-Vibration Mountings (compression and shear styles) up to 2100lb (954kg) per mount. Damper Plates up to 1400lb.ft (in styles ranging from linear stiffness through to high-deflection). Clamp Half-Couplings. Rope Cutters.

**Contact Meadow Works, Clothall Road, Baldock, Hertfordshire, SG7 6PD. Tel: +44(0)1462 892391, Fax: +44(0)1462 896448, Email: info@randdmarine.com, Web: www.randdmarine.com**

### REDMAC PLANT & ENGINEERING SUPPLIES STAND 123

Redmac was founded in 2004. We specialise in filtration and lubricants for the Marine Industry. We are distributors in Ireland for world class brands Donaldson Filtration and Fuchs Lubricants. We have two locations in Ireland, one trading as JR Spares in Killarney Co. Kerry covering the Southwest and Redmac Castlebar Co. Mayo where our main warehouse is located.

**Contact John Roche (JR Spares) Tel: 087 905 4666, Email: jrspares@gmail.com, or James McDonnell (Castlebar) Tel: 087 265 1149, Email redmacLtd@eircom.net**

### REINTJES BRITAIN & IRELAND STAND 11

Provider of Marine Gears, for the Fishing Industry, reductions available up to 15:1. Solutions for new build, repower and Hybrid.

**Contact REINTJES UK LTD, Unit A,**

**Mayden House, Long Bennington Business Park, Long Bennington, Lincolnshire NG23 5DJ. Tel Chris Britner: +44 7983 693 056, Email: chris.britner@reintjes.co.uk, Web: www.reintjes-gears.com**

### RIVERDALE MILLS CORP STAND 79

Riverdale Mills is the leading provider of welded wire mesh solutions for marine and commercial fishing clients around the world. Riverdale is the inventor and manufacturer of Aquamesh®, welded wire mesh designed specifically for saltwater environments. Aquamesh® is extensively used to construct pots, traps and creels for lobster, crab and whelk. Aquamesh® is also used for a variety of aquaculture applications including oyster and shellfish trays, fish pens and fish farms. Aquamesh® pot base, made with heavy gauge welded wire, is an effective cost-saving solution to the common problem of bottom wear found on in-use traps.

**Contact Northbridge, MA, USA. Tel: +1 (508) 234-8715, Email: sales@riverdale.com, Web: www.riverdale.com**

### RNLI FISHING SAFETY STAND 63

RNLI Fishing Safety Team have been working with the fishing industry to reduce fatalities in the fishing industry with Personal Floatation Devices (PFD'S) and Man Over Board recovery (MOB). We are helping fishermen to be able to recover a MOB within 10 minutes of the incident using simple and cheap methods. Visit stand 63 and talk to the team. The RNLI team will also be running Demonstrations in the Arena's pool on both days of the show.

**Contact RNLI Community Safety team, West Quay Road, Poole, Dorset, BH15 1HZ. Tel: 03003009990, Email: Frankie\_horne@rnli.org.uk, Web: www.rnli.org**

### RNLI FUNDRAISER STAND 19

The RNLI is the Charity that saves lives from drowning both in Sea and Fresh Water. It is totally dependent on voluntary donations to train and equip the volunteer Men and Women who give of their time selflessly in the service of others.

**Address: Airside, Swords, Co Dublin. Email: Mary\_Creedon@rnli.org.uk, Web: www.rnli.ie**

### RUANE MARITIME STAND 134

Ruane Maritime is in the business of marine education, training and safety towards raising standards in seafaring. Our Training Centre and Marine Radio courses are approved by the RYA and Dept. of Transport, Tourism & Sport respectively.

We provide the following learning opportunities; Marine Diesel Engine, RADAR, Navigation, Marlinspike Seamanship, Astro Navigation and Marine Radio.

Ruane Maritime is the marine consultant and training provider to the Limerick based Ilen Project and its wooden sailing ship The AK Ilen; a national and marine-focused community project with a mission of reintroducing the nation to the joys of traditional sailing, vessel operation, competent crewing and experiential learning through hands-on work both on and offshore.

**Contact Mike Ruane - Principal & Chief Instructor, Tel: 087 974 9301, Email: info@ruanemaritime.com, Web: www.ruanemaritime.com**

### RYAN & ROBERTS MARINE SERVICES STAND 118

Ryan & Roberts Marine Services Ltd had a very busy year in 2019. Engine

and generator sales remained steady throughout the year, with yard work; mainly involving the refitting of inshore potting and netting boats for the Code of Practice. This work included new decks, wheelhouse, engine installations, safety rails and electrics, shot blasting and osmosis repairs. Cyril Ryan looks forward to meeting all our present and potential customers on Stand No 118.

**Contact: Ryan & Roberts, Askeaton, Co Limerick. Tel: 00 353(0) 61 392198, Mob: 00 353(0) 87 4179128, Fax: 00 353(0) 61 392344, Email: ryanandrobertsmarine@gmail.com, Web: www.ryanandroberts.com**

### SAFETY NET TECHNOLOGIES LTD STAND 31

Safetynet Technologies (SNTECH) is a UK-based SME, focused on increasing sustainability in the commercial fishing industry. SNTECH uses light emitting devices to help fishermen catch the right fish, lowering bycatch by up to 90% and improving fishing revenues by 25% - saving more fish, helping fishermen, and protecting future fish stocks.

**Contact SafetyNet Technologies, Ground Floor, 3-5 Hardwidge St, London SE1 3SY. Tel: +44 (0)207 052 3903, Email: enquiries@sntech.co.uk, Web: www.sntech.co.uk**

### SCANMAR LTD STAND 76

Scanmar will showcase the benefits our customers have witnessed over the last 12 months using our popular range of SS4 sensors. Our SS4 sensors are the market leaders in "operation time" between charging. No need to remove sensors from the doors or the trawl, simply take the charging lead to the sensors!

Scanmars QBC-X1 Smart Charger can

be extended to enable charging while the sensors remain on the doors or on the trawl. Demonstrations of the new ScanBas 365 bridge system can be seen from recent installations including the Lerwick registered Pelagic Trawler Adenia.

And finally, we have some exciting news to tell our customers! Come and see us during the two-day event to find out more.

**Contact Tel: 01779 480600, Email: sales@scanmar.co.uk, Web: www.scanmar.no**

#### SEA-FISHERIES PROTECTION AUTHORITY STAND 90

The Sea-Fisheries Protection Authority (SFPA) is the independent stator body responsible for the regulation of the sea-fisheries and the seafood production sectors. We promote compliance with the EU Common Fisheries Policy, sea-fisheries law and food safety law relating to fish and fish products, verify compliance and, where necessary, enforce it.

**Contact SFPA, National Seafood Centre, Park Road, Clogheen, Clonakilty, Co Cork, P85TX7. Tel: 023 885 9300, Web: www.sfpa.ie**

#### SEAQUEST SYSTEMS STAND 52 / BM 8

Seaquest Systems are one of the world leaders in design manufacture & installations of Marine Equipment. Based in Killybegs, Seaquest equipment designed and manufactured in-house to suit customer requirements and to best suit their needs.

Cranes, Winches, Net Drums, Haulers, Fish Pump and Hydraulic Systems are only some of the products manufactured by the company. Cranes are manufactured to DNU & Lloyds specifications with load test bed in-house allowing full testing of even the largest of equipment. Call by stand 52,

we're sure to have a solution to suit you.

**Contact Seaquest, Industrial Rd., Killybegs, Co. Donegal. Tel: 00353 (0)74 97 31542, Email: sales@seaquest.ie, Web: www.seaquest.ie**

#### SELVA MARINE STAND 115

Selva will launch the new Amberjack 9.9XS to the Irish market at the show. Selva Marine are the only European Outboard Motor Manufacturer and focus solely on producing product to suit the European market. Selva offer the commercial fishing community the widest range of large displacement, high torque, low horsepower Outboard Motors on the market - ideal for smaller craft operating under licence. Come and see us for a chat and to find out more about how using Selva outboard motors can offer you considerable savings.

**Contact Selva Marine, Tel: 00447973701161, Email: selvamarineuk@selvamarine.com, Web: www.selvamarine.com**

#### SHELLFISH IRELAND STAND 145

Shellfish Ireland began with two young friends Richard Murphy and Peter O'Sullivan in Castletownbere, Co. Cork. As the years progressed, Shellfish Ireland grew to become a respectable and reliable seafood producer. We are now the leading supplier of sustainable shellfish including crab, shrimp, lobster, and prawns, to the local and international markets.

We grew our purchasing base to not only include local vessels that land daily but also to purchase off vessels along the south and west coast of Ireland. All of which is collected by our own vans and processed in our own factory.

**Contact Shellfish Ireland, Dinish Island, Castletownbere, Co. Cork, P75 K704.**

**Tel: +353 27 70461, Email: info@shellfishireland.com, Web: www.shellfishireland.com**

#### SILVERLINE PRODUCTS SCOTLAND LTD STAND 26

Manufactures of Connectors, Terminal Ends, Swivels Tube Thimbles and much for the worldwide fishing industry.

**Contact Silverline Products Scotland Ltd, 19 Reclaimed Ground, Fraserburgh AB43 9TB. Tel: +44 (0) 1346 514284, Mob: +44 (0) 797 0867581, Email: gavin@silverlinescotland.com, Web: www.silverline.is**

#### SIRM UK STAND 110

SIRM UK are proud to provide complete and cost effective Marine Electronic solutions for all vessel types and fishing applications and will be displaying a small selection of their extensive range on stand 110. In association with IX Blue, SIRM will also be displaying the SeapiX Multibeam Sonar System which uses innovative multibeam technology to provide shoal evaluation, fish assessment and species discrimination, allowing skippers to target particular species and avoid protected or non-quota species.

Visit stand SIRM on stand 110 to meet the team and discuss your individual requirements

**Contact SIRM UK, 28B The Harbour, Kilkeel, Co Down, BT34 4AX. Tel: 0044 28 4176 9009, Yvonne James Mob: 0044 7525 411545, Email: yvonne.james@sirm.co.uk Web: www.sirm.co.uk**

#### SMART SAILORS STAND 138

Smart Sailors is the most intuitive app to help maintain your fleet. It is the sailor perfect partner to easily

ensure the best availability of your ships and reduce maintenance costs.

**Contact Colombar Monnier, Tel: +33 6 42 12 99 82, Email: colombar@smartsailors.net, Web: smartsailors.net**

#### SOFRIMAR STAND 99

Located in Kilmore Quay, County Wexford, Sofrimar has been in operation since 1979 forging strong relationships with fishermen all around the Irish Coast. With a state-of-the-art processing plant including a separate live shellfish holding facility and a product range including most types of shellfish, exporting to worldwide markets. Species purchased by Sofrimar include whelk, brown crab, lobster, scallops, winkles, crayfish, shrimp, monkfish, frozen at sea prawns, frozen at sea cuttlefish and frozen at sea squid to name a few. Sofrimar is committed to producing the highest quality seafood for its customers. Facing an increasing demand, Sofrimar is looking for a regular and constant supply of shellfish. We guarantee a top-class service with weekly payments.

At Irish Skipper Expo, Sofrimar will be looking to meet fishermen who can supply any of the above species.

**Contact Sofrimar, Kilmore Quay, Co Wexford, Tel: 053 9129660, Email: Leslie@sofrimar.ie**

#### SOLENT ENGINEERING SERVICES STAND 02

Known for; Quality, Reliability and Service. Solent Engineering Services Ltd prides itself on providing constant support for the UK, Scotland and Ireland Fishing Fleets. Now the UK's number 1 source for; Potting Blocks, Net and pot haulers and other commercial hardware. SES has grown from strength to strength! Dave Middleton forefronts the products design

and manufacturing facility, with 20 years engineering experience as a fabrication and welding engineer.

Dave is also a qualified design engineer and uses '3D Modelling' software for the design and analysis of the products right from small items up to hull and superstructure design for Aluminium vessels.

**Solent Engineering Services Ltd Unit 1, Northleigh Farm, Main Rd, Birdham, Chichester, PO20 7BY. Tel: 01243 512113, Email: solentengineering@btconnect.com**

#### **SOUTH SHORE MARINE & DIESEL STAND 140**

South Shore Marine & Diesel Ltd is authorised main dealers in Ireland for Cummins Marine Engines, Onan Generators, MAN Marine, industrial Engines and ZF Marine Transmissions supporting Engine sales, parts and service throughout Ireland. South Shore is also dealers for Yanmar, Perkins, Mercury, Seakeeper, Vetus boat equipment and Garmin Marine Electronics.

**For all your marine diesel engine & transmission needs contact us on Tel: 0044-2838341010, Email: info@southshoremachine.co.uk, Web: www.southshoremachine.co.uk**

#### **SPENCER CARTER STAND 130**

Spencer carter the UK leading winch/hauler manufacturer here to show off a small sample of our hauler range. Come chat to us on stand 130.

**Contact Spencer Carter, Address Tregonigge Industrial Estate, Falmouth TR11 4SN, UK. Tel: 01326 373423, Email: info@spencercarter.com, Web: www.spencercarter.com**

#### **SWAN NET GUNDRY STAND 126**

Our roots are firmly established in the commercial fishing market with a reputation for being a world leader in trawl manufacturing. SNG supply a comprehensive range of equipment including Rope, Hardware, Clothing, Safety Products, Lobster/crab pots along with associated accessories. We continue to operate as a service distribution centre for Mullion lifejackets and operate a fully complied DOM Life raft sales and service centre. We continue to service the needs of inshore & deep-sea fishermen from our depots in Killybegs, Rossaveal, Castletownbere & Union Hall. Our products have earned a reputation for quality, durability and ultimately value for money.

**Contact Swan Net-Gundry Ltd, Tel: 00353 (0)74 9731180, Fax: 00353 (0)74 9731574, Web: www.swannetgundry.com**

#### **TEIGNBRIDGE PROPELLERS STAND 24**

Teignbridge design and manufacture high quality performance propellers, sterngear and marine engineering products and are leading innovators in computerised and mechanised marine engineering processes. Producing the finest bronze and stainless-steel propellers and stern gear from raw materials to the finished polished article at their UK based world leading facility. Teignbridge develop and employ state of the art CAD/CAM techniques to ensure unbeatable cost efficiency for the highest quality product. With over 65,000 sq ft of floor space and over 85 employees, Teignbridge is the largest propeller and stern gear producer of its kind in Europe.

**Contact Teignbridge Propellers: Forde Road, Newton Abbot, Devon, TQ12 4AW. Tel: 01626333377, Email: sales@teignbridge.co.uk, Web: www.teignbridge.co.uk**

#### **THE SKIPPER/MARA MEDIA STAND 67**

One of Europe's oldest fishing industry publications, The Skipper is now sold in every fishing port in Ireland and throughout the fishing industries in the UK and across Europe as well as numerous subscription readers throughout the world. Established in 1964, the Skipper continues to grow in popularity and is the premier journal of the Irish & UK fishing and processing sectors, giving quality coverage to news, events, technical developments and current affairs from within the marine sector. The Skipper has seen enormous growth in its lifetime with the establishment of the Irish, Scottish and English Skipper Expo.

**Contact The Skipper Editor Lia: Tel: 00353 (0)86 8239608, Email: editorial@maramedia.ie, Sharon Boyle, Commercial Fishing Manager: Tel: 074 954 8937 Email: Sharon@maramedia.ie, Web: www.theskipper.ie**

#### **THISTLE MARINE STAND 45**

Our company specialises in the supply and manufacture of hydraulic deck equipment suitable for fishing vessels, workboats, tugboats, barges and other commercial marine applications. We manufacture our own range of Thistlelift Cranes and we are also UK distributors for the Guerra Marine Crane ranging from 2 Tonne - 40 Tonne/Metre. Supplied in a variety of booms from knuckle, fixed, straight and telescopic with a wide range of attachments to suit. This includes the Dinamic Oil range of winches.

We boast a fully equipped machine shop with the capability to design and manufacture winches, cranes and attachments suitable to specific requirements.

**Contact Thistle Marine, 5 Baltic Place,**

**Peterhead. Tel: 01779477210, Email: karen@thistlemarine.co.uk, Web: www.thistlegroup.co.uk**

#### **THYBORON TRAWLDOORS STAND 72**

We are the world's leading manufacturer of trawldoors for all kinds of bottom-, semipelagic and pelagic fishing. We're based in Thyborøn - one of the main fishing ports in Denmark.

"Made in Denmark" stands for the highest quality possible.

**Contact Contact Thyboron Trawldoors, Tel: 0045 97831922, Fax: 0045 97832313, Email: allan@thyboron-trawldoor.dk, Henrik@Thyboron-Trawldoor.dk, Web: www.trawldoor.dk**

#### **TODD NAVIGATION STAND 91**

Todd Navigation, an International ADMIRALTY Chart Agent, provides paper and electronic navigation charts and publications, and publications from other nautical publishers such as IMO, ITU, ICS, and TSO. We print paper charts from ADMIRALTY, Canada, Norway, and the USA in-house and stock Icelandic and Greenland charts.

ADP and AENP from ADMIRALTY allow the Skipper to replace hard copy books with easy to manage and update digital publications. Our service for electronic charts from the ADMIRALTY Vector Chart Service and C-MAP allows us to manage your inventory keeping your vessel and crew safe and meeting the requirements of the MSO.

**Contact 85 High Street, Bangor, County Down, BT20 5BD. Tel: +44 28 91466640, Email: William Todd w.todd@toddnv.com or Paul Esler p.esler@toddnv.com Web: www.toddchart.com**

### TOM HAND ELECTRONICS STAND 06

Tom Hand Electronics was established in Dingle in 1986. The company supplies and installs a wide range of professional marine electronic equipment from major manufacturers such as Kaijo-Denki, KNS, Intellian, Wesmar, Marport, Sailor, JRC, Koden, Simrad, Soden, Icom, etc. Recent installations include the complete wheelhouse refit for the MFV Rachel Jay, the majority of the electronics package for the new MFV Fiona K III, as well as many other smaller contracts. A popular product over recent years is VSAT, or internet at sea. We supply either Ku or Ka band systems at very competitive rates, or a purchase or rental maintenance basis. We also supply the complete range of low, medium, and high frequency professional fishing sonars manufactured by Sonic, Kaijo-Denki. These sonars are top performers at a reasonable cost.

The most recent addition to the Kaijo - Denki range is the world first compact Omni sonar, the KCS-60, specially designed to fit into an 8" seachest. The KCS-60 is fully stabilised with 512 separate transducer elements, at 60 Khz, for a clear sharp picture. The Wesmar Trawl sonar is becoming a popular choice for pelagic fishermen. This reasonably priced net sonar can display net profile and down sounder pictures on two separate monitors simultaneously.

**Contact Tom Hand Electronics: Dingle, Co. Kerry. Tel: 086 2547512, Email: tomhand@iol.ie, Web: www.tomhandelectronics.com**

### TRAWLER HELMETS STAND 22

KEEP YOUR HEAD!!

Embrun Trawler Helmet with Solas reflective material, offering blow absorption, buoyancy, comfort and CE certification. Also; full onboard firefighting apparel - Turnout Gear, Helmets, Flash

Hoods, Gloves, Boots, ATEX Torches

**Contact Finer: Unit 14, Gateway Business Centre, Midleton, Co. Cork. Tel: 021 4638727, Fax: 021 4638928, Mob: 087 2535378, Email: liam@finerfilters.com, Web: www.finerfilters.com**

### TRISKELL SEAFOODS STAND 27

Triskell Seafood trades live shellfish within Europe, specialising in oysters. We provide shellfish growers with oyster seed (the primary input to their farming operation), specialised equipment, and advice all along the growing cycle. Our range of professional equipment and clothing is also suitable for the wider aquaculture and fishing industry.

Our warehouse in Sligo is the only specialised aquaculture equipment facility operating in Ireland and the UK. We have designed a number of specialist tools that are manufactured in Ireland, we can deliver orders nationwide overnight, and within 3 days anywhere in the UK. Our aim is to provide a complete service to the industry.

**Contact Unit 9E North West Business Park, Collooney, Co. Sligo, Ireland. F91 THW7. Tel: +353 (0)71 911 5886, Mob: +353 (0)89 463 1003, Email: info@triskellseafood.com Web: www.triskellseafood.com**

### TYSONS SHIP RIGGERS STAND 50

Tyson's Ships Riggers are excited to announce we will be exhibiting at Irish Skipper Expo in Limerick. We will be showcasing our extensive range of crab and lobster pots, favourite brands such as Gold Strand Wires. Shamrock combination, Euro Polysteel, King Crab Shamrock Polysteel potting ropes, and new products being compact twine, showa gloves, and clothing such as ELKA FISHING SHIELD JACKET AND ELKA FISHING SHIELD BIB

AND BRACE which will be on our stand for customers to try. We look forward to seeing you there.

**Contact Tysons Ship Riggers, Tel: 0044 (0)1472 347065, Email: enquiries@tysonsriggers.co.uk, Web: www.tysonsriggers.co.uk**

### UNION CHANDLERY LTD STAND 21

Union Chandlery-Vetus are one of Ireland's largest Marine Suppliers in the market for over 40 years with top brands and quality equipment. For 2020 we will have a range of Vetus Helmsman Seats on display along with market leading Torqeedo Electric Motors.

**Contact Union Chandlery Ltd, 23 Doughcloyne Ind Est, Sarsfield Road, Cork T12 DR97. Tel: 021 4554334, Email: rogerbetts@unionchandlery.com, Web: www.unionchandlery.ie**

### VIRHYDRO STAND 124

Virhydro is a French manufacturer of professional fishing gears in hydraulic and electric (pots haulers, nets haulers, fishing reel, hydraulic power pack, etc.) with nearly 40 years of experience in the inshore fishing industry. Our company is based in Saint Malo and our goods are being used all over the world: French West Indies, Australia, Maldives, Canada, China, Chile.

Our products are aimed at small fishing boats (6.5m up to 10m) and are all created in-house. Our focus is on quality, efficiency and durability of our products, these qualities have helped us build a strong relationship with our customers.

**Contact: Isabelle BLANCARD, VIRHYDRO SAS 64 rue de la ville es cours, 35400 ST Malo, FRANCE Tel: + 33 (0)2 99 82 54 02, Email: contact@virhydro.com, Web: www.virhydro.com**

### WESTWARD SCANIA STAND 100

Scania's marine engine platform provides customers with opportunities to enhance efficiency, operating economy and environmental performance - without sacrificing power. In an age where fuel consumption, reduced emissions and maximising economy of power has become a vital part of operation, Scania is leading the way with their range of 9, 13 & 16 litre marine engines

Although the Scania name is perhaps more commonly associated with trucks & buses, Scania's engine division remains a busy part of Westward Scania's operation with the range of marine, industrial and power generation engines in constant demand. The Scania engine range includes marine engines from 250hp to 1150 hp in 9, 13 and 16 litre models. Engines for marine auxiliary power are also available to suit the commercial marine sector with ranges from 199 kW to 640 kW. In addition, a full range of industrial engines, 275hp to 770hp and power generation engines 250 kVA to 700 kVA, 50Hz & 60 Hz are also available.

**Contact Westward Scania, Strokestown, Co Roscommon. Tel: 071 9634500, Web: www.westwardscania.com**

### WHISPAIRE STAND 03

Whispaire will be exhibiting their highly regarded range of TeaMate water boilers including the marine grade stainless steel version. Ideal as a fit and forget solution for providing hot drinks at sea, you will wonder how you ever managed without one. Also on display will be a range of quality inverters for providing onboard mains power and also battery-to-battery chargers designed to provide the best possible charging of house or leisure batteries. These units will ensure maximum battery life and fully charged batteries due to their advanced charge cycle.

Contact Whispaire: Unit 53 Romsey Ind. Estate, Greatbridge Road, Romsey, Hants, SO51 0HR. Tel: +44 (0)1794 523999. Email: [info@whispaire.co.uk](mailto:info@whispaire.co.uk), Web: [www.whispaire.co.uk](http://www.whispaire.co.uk)

#### WILLS RIDLEY STAND 148

Proudly supplying turn-key hydraulic steering gear & rudder packages to the fishing industry since 1963. Based in Cornwall, UK. Hydraulic Actuators (rams), Tillers, Rudder packages, Valves and hydraulic Power Packs (three phase, single phase, 24v dc, 12v dc or engine driven - belt or PTO), electrical steering controls, mode select & alarm panels. Packages for a new build or retro fit existing systems. For existing PTO driven steering where heat is an issue; it is possible to retro fit a pump that will only pump oil when there is a demand. Original steering doesn't have to be from Wills Ridley.

Contact Unit 1, Kernick Business Park, Penryn, Cornwall TR10 9EW, UK. Tel: +44 (0) 1326 376 015, Web: [www.willsridley.com](http://www.willsridley.com)

#### WATER SAFETY IRELAND STAND 18

The statutory, voluntary body and registered charity established to promote water safety and reduce drownings in Ireland.

Our focus is on Public Awareness and Education. Tragically, an average of 124 people drown in Ireland each year, eleven every month. We strive to reduce these fatalities by increasing water safety awareness and by changing attitudes and behaviours so that our aquatic environments can be enjoyed with confidence and safety.

Contact: The Long Walk, Galway. Tel: 091 564400, Email: [info@watersafety.ie](mailto:info@watersafety.ie), Web: [www.watersafety.ie](http://www.watersafety.ie)

#### ZIEGRA ICE MACHINES STAND 32

Ziegra's range of on-board ice machines are widely regarded as the best in the world, due to the continuous improvement program implemented many years ago. But they will not rest on their laurels. The company continues to look for ways to make their machines even more robust and innovative, so that they will remain the No 1 choice for ice machines at sea. Members of the Ziegra technical sales team will be on hand at the show to discuss any requirements for land or on-board ice machines.

Contact Ziegra Ice Machines: 2 Phoenix Court, Whitehill Ind. Est. Stock - port, Cheshire, SK4 1PQ. Tel: 00441614290525, Email: [ice@ziegra.co.uk](mailto:ice@ziegra.co.uk), Web: [www.ziegra.co.uk](http://www.ziegra.co.uk)
